THE COLOR OF WAR IS GREEN AND TAN...

"All confident and cocky are we?"

"Bragging to your sweethearts about your heroics and how you won the war, huh? Let me assure you that this war is NOT over. Not until Sergeant Hawk says so. Not until Riff destroys every last Tan tank with his Bazooka. Not until Scorch's Flamethrower has melted every last Tan soldier. Not until Hoover has swept every last mine. Not until Shrap has destroyed every last portal."

Tan Troops, lead by Field Marshall Tannenberg, retreat in the face of the Green Army. The capture of the elusive Tannenberg should mean the surrender of the Tan Army and the restoration of peace to the Plastic World. Missing from the impending victory celebration is General Plastro.

Plastro was last seen in the "alternate world" on the other side of the portals. The Green Army believes the General is a victim of "plastrification." This is a condition that occurs in the alternate world when too much time is spent there. Symptoms of plastrification include the hardening of the limbs and the growth of a plastic base around the feet.

With the help of a serum, created by Dr. Madd of the Gray Nation, to reverse the effects of "Plastrification", an alluring member of the Blue Resistance, Brigitte Bleu has her own plans...to bring Plastro back to life.

In control of a Toy Store in the alternate world and with the serum that allows him to bring toys to life, Plastro now commands the Tan Army's most powerful weapons arsenal. Plastro plans to use these new toys to launch a sneak attack and strike at the very heart of the Green Nation.

Sarge and the rest of Bravo Company, commanded by Colonel Grimm, must try to hold back a new Tan onslaught while trying to uncover Brigitte Bleu's plans. Vikki Grimm, ace reporter for the Green Army News and the Colonel's daughter, will also be dragged into the action. With Sarge's soft spot for Vikki, he'll have his hands full.

"No Green soldier ever won a war by melting for his country. He won it by making the Tan soldier melt for his country."

THE NINTENDO® 64

CONTROLLER

CONTROL STICK FUNCTION

The Nintendo® 64 Controller contains a Control Stick which uses an analog system to read the angles and direction of its movement. This allows subtle control that is not possible using the conventional + Control Pad.

When turning the Control Deck® power ON, do not move the Control Stick from its neutral position on the controller.

If the Control Stick is held at an angled position (as shown in the picture to the left) when the power is turned on, this position will be set as neutral. This will cause games using the Control Stick to operate incorrectly.

To reset the neutral position once the game has started, let go of the Control Stick so it can return to its center position (as shown in the picture to the left), then press **START** while holding the **L** and **R** Buttons.

The Control Stick is a precision instrument; make sure not to spill liquids on or place any foreign objects into it.

CONNECTING THE N64™ CONTROLLER

While you're playing the **ARMY MEN® - SARGE'S HEROES™ 2** game, we recommend that you use the hand positions shown at left. By holding the controller like this, you can operate the Control Stick freely with your left thumb. Using your right thumb, you can easily access the **A**, **B** and **C** Buttons. Place your left index finger where it feels comfortable, but not in a position where you might accidentally press the **Z** Button on the back of your controller.

Up to four players can play **Army Men - Sarge's Heroes 2**. Beginning on the left, the sockets are for Player 1, Player 2, Player 3 and Player 4 respectively. Player 1 must use the left-most socket, as shown in the image below.

Note: The Control Deck must be turned off in order to add additional controllers. Restart the Control Deck once controllers are connected.

RUMBLE PAK™ & CONTROLLER PAK

Army Men - Sarge's Heroes 2 is compatible with the Rumble Pak and Controller Pak accessories. Before using either accessory, read its instruction booklet carefully.

Army Men - Sarge's Heroes 2 supports "hot" insertion of the Rumble Pak or Controller Pak accessory; the game will search for empty controller accessory slots and will prompt you if it finds any. If you wish to insert the Rumble Pak or Controller Pak at any other time, please turn the Control Deck OFF before doing so.

"Better test your plastic before going to battle against the Tan Army. Boot Camp is just the thing to learn the skills needed to help the Bravo Company to victory. Keep your eyes straight ahead when I'm talking to you!"

- Go through basic training and test the weapons Sarge uses in real combat. Follow the instructions through Boot Camp to learn the weapons Bravo Company uses in real combat.
- When you make the grade on the obstacle course, Vikki will show you the way to real battle.

PLAYER CAMPAIGN

Sarge, with the help of Vikki, and the Bravo Company Commandos, is the Green Army's only hope to find and defeat Plastro and close down his toy store arsenal for good. Keep an eye out...

- Review the orders for each mission objective and then proceed.
- Destroy Tan forces while executing the orders.
- You **MUST** succeed with one mission before beginning the next.
- Failure is not an option...but it is a possibility. If Sarge goes MIA (Melted In Action) or cannot complete the mission, the operation must be re-attempted. If someone you are protecting or trying to capture gets killed, the mission also ends in failure.

- When an enemy expires, they disappear from the radar screen.
- Additional green dots represent Vikki or other members of Bravo Company that are present in the level.

SARGE IN ACTION

MOVING AROUND THE BATTLEFIELD

Sarge is one athletic grunt. He zigzags to avoid gunfire, dives behind crates, rolls on the ground, climbs onto shelves to take a perfect sniper shot and jumps over obstacles at a run. Practice moving Sarge around in Boot Camp to get familiar with what he can do.

When Sarge takes fire and is hit, his reactions are slowed and he may not be able to return fire.

"I'm getting dusted out here! Find some cover!"

PICKING UP WEAPONS, POWER-UPS, ITEMS & MEDKITS

Weapons, Power-ups and Medkits are dispersed throughout the missions. They may be hidden or lying out in plain sight. To pick them up, just touch them. Some objects, such as crates or structures, may have supplies hidden within them. Blast them with Grenades, Grenade Launchers, Mortars, Bazookas or TNT to uncover these supplies.

MEDKIT – Returns Sarge to full health. Sarge will only be able to pick these up if his life meter isn't full.

ARMOR – This power-up will allow Sarge to absorb the equivalent of another full life meter of damage.

BLUE POWER-UP – Grab this power-up to increase the rate of fire of Sarge's arsenal.

RED POWER-UP – This power-up will turn ordinary weapons into super weapons with more destructive power.

OTHER WEAPONS – All weapons that Sarge picks up are loaded and ready to rock. However, manage your ammo, 'cuz once it's gone, you'll have to use another weapon.

MULTI-PLAYER BATTLES

In Multi-player mode, two to four players battle it out on one of six fields of combat. The screen divides into halves or quarters depending on the number of controllers connected to the N64 Control Deck.

You may vary the number of kills required for victory in Multi-player mode. The playmode choices are three, five, ten kills or No Limit. The first player to reach the designated number of kills wins the battle.

Each player begins with an M-16. You can find additional Weapons, Power-Ups and Medkits throughout the battlefield.

In Multi-player battle, players can square off against each other or team up. Play free-for-all, one-on-one, two-on-one, two-on-two or three-on-one.

- If you're on a team, choose the same uniform color as your allies to cut down on accidental friendly fire incidents.
- Pick up Weapons and Medkits throughout the war zone.
- Allies need to keep in mind that only one player can emerge victorious.

STARTING A MULTI-PLAYER GAME

1. Select the number of players on the Main Menu.
2. Select 3 TO WIN, 5 TO WIN, 10 TO WIN, NO LIMIT or FAMILY.

- Game difficulty defaults to Easy.
- Number of kills is set to 3 TO WIN.

To set up a soldier:

1. On the Player Set-up screen, move the Control Stick \uparrow/\downarrow to select an attribute.

IDENTITY - Be Sarge, Vikki, Hoover, Riff, Shrap, Thick, Scorch, Colonel Grimm, General Plastro or Brigitte Bleu.

DIFFICULTY - Choose Easy, Normal or Expert. This helps less experienced players compete against seasoned combat vets by balancing the skill levels of novices and power-players.

3. When choices have been made, each player presses the A Button and the battle begins.

Note: To change your attributes after pressing the A Button, press the A Button again to move back through your choices. Pressing the B Button will take you back to the Level Select screen.

EXIT LEVEL - Quit the operation and return to the Main Menu.

GREEN ARMY ARSENAL

C◀ - Cycle forward through weapons
Hold C◀ + Press **A Button** - Cycle backward through weapons
A Button - Use weapon
R Button + Control Stick - Aim

M-16

This lightweight weapon is standard issue; you begin every mission with it. It handles well in tight firefights and can be fired on the run. The M-16 is accurate at long range when used with the gunsight (**R Button** hold and Control Stick to aim). This weapon has unlimited ammo.

SHOTGUN

This gun is pure terror at close range. It fires a spread of buckshot about two feet across so you don't have to aim too carefully. You can also fire it on the run. One word of warning: shotguns don't have a high fire rate of fire like rifles or machine guns.

M-60 MACHINE GUN

When you want to lay down a punishing barrage of automatic fire, the M-60 is the weapon of choice. The M-60 can be fired from any position. Use it like the M-16 and also when you command your position and don't need to be running for your life.

BAZOOKA

This baby will even up the fight with a tank or attack helicopter. For best performance, use the sight (hold the **R Button**) to make an accurate shot. Try to save your bazooka charges for big or heavily armored vehicles that smaller arms can't take out.

GRENADE

Want to take out a whole squad? A grenade is an excellent introduction to a sneak attack on multiple hostiles or taking out someone hiding around a corner. Make sure you throw it far enough so it doesn't blow you up too. Grenades are highly effective in exploding obstructions to see if some sorry soldier was hiding behind it or a needed supply is in it.

1. Press and hold the **A Button**, and a green cursor will appear.
2. Move the Control Stick ↑ / ↓, to set the cursor over the target area.
3. Move the Control Stick ← / → to set the direction of the throw.
4. Release the **A Button** to toss the grenade.

GRENADE LAUNCHER

For the grunt on the go, the grenade launcher delivers the maximum damage while Sarge is in a dead run. Unlike the mortar, which must be used from a kneeling position, you can fire this weapon without slowing down.

1. Adjust the range by holding the **R Button** and moving the Control Stick \uparrow/\downarrow to adjust the trajectory of the launch. (The higher you hold the barrel of the launcher, the farther the shot travels.)
2. Press the **A Button** to launch a grenade.

FLAMETHROWER

This weapon is every plastic soldier's worst nightmare. Don't melt for your country, make the enemy melt for theirs! The flamethrower is very effective in tight areas against multiple attackers.

To fire, hold the **A Button** while aiming with the Control Stick.

TNT

For pure explosive power, TNT gets Sarge's endorsement. And it's easy to use:

1. Press the **A Button** to place the charger at the position you want.
2. RUN!

FIRECRACKER

A much tamer version of TNT. Still, it will work on enemies that are around a corner or behind a bunker.

1. Press and hold the **A Button**, and a green cursor will appear.
2. Move the Control Stick \uparrow/\downarrow to set the cursor over the target area.
3. Move the Control Stick \leftarrow/\rightarrow to set the direction of the throw.
4. Release the **A Button** to toss the firecracker.

SNIPER RIFLE

This is an excellent reconnaissance weapon. Use the scope to zoom in on far away activity. You can shoot the strap of a Tan soldier's helmet with this highly accurate weapon. Use the sniper rifle for very long range shots or when you want to be extremely stealthy.

1. Press and hold the **R Button** to activate the scope.
2. Aim with the Control Stick.
3. Press the **C▲** or **C▼** to zoom the scope in and out.
4. Press the **A Button** to fire.

MORTAR

When you can't get close to a target because of an obstruction or the threat of taking a hit, use the mortar to lob an explosive. Mortars are tricky to use at first, but once you get dialed in, they're murder. Just make sure you have plenty of headroom for this lofty weapon.

1. Press and hold the **A Button**. A green cursor will appear.
2. Use the Control Stick \uparrow/\downarrow to set the sight over the target area.
3. Use the Control Stick \leftarrow/\rightarrow to set the direction of the shot.
4. Release the **A Button** to fire the shot.

AIR STRIKE

Radio the fly boys for air support. This weapon is ideal for wiping out a group of enemies from the safety of a far away shelter.

1. Press and hold the **A Button**. A green cursor will appear.
2. Use the Control Stick \uparrow/\downarrow to set the sight over the target area.
3. Use the Control Stick \leftarrow/\rightarrow to paint the area you want to bomb.
4. Release the **A Button** to call the plane.

FACES OF WAR

SERGEANT HAWK a.k.a. "Sarge" is the Bravo Company Commandos' unquestioned leader. Years of experience make this battle-hardened soldier the Green Army's best chance to defeat the Tan Army. Rumors of General Plastro's return with new weapons of destruction do not phase Sarge. Whether the battle is in a town, on a bridge or in a toy store, Sarge is itching for the chance to send Plastro and his Tan armies back to the plastic goo from which they were molded! Sarge has plenty of motivation to fight the Tan menace. To avenge the death of his melted father, to save his friends in Bravo Company, to keep the Green Nation safe and to protect Vikki, the woman of his dreams.

COLONEL GRIMM is a wise and wily veteran. As the commander of Bravo Company, Grimm has seen many soldiers molded and many soldiers melted. He has experienced all of the glory and all of the horror that war has to offer. Grimm longs for peace in the Plastic World and wants an end to the senseless destruction of plastic. Colonel Grimm treats Sarge like a son. He hopes that one day his daughter Vikki and Sarge will settle down together.

VIKKI is Colonel Grimm's feisty and lovely daughter. She has a spirit for adventure and has chosen the sometimes dangerous life of a reporter. The Plastic World's most beautiful army brat was raised by her widowed father on army bases, so she is familiar with danger, even if the Colonel wants to protect her from it! She's able to take care of herself and is practically one of the Bravo

Company Commandos-except her beauty is out of place when in the company of the rest of the war dogs!

GENERAL PLASTRO, the sadistic leader of the Tan Army, was last seen as a dog's chew toy. It was believed by the Green Army that Plastro was MIA. Intelligence reports explain that he may be back thanks to the assistance of an unknown spy. Plastro and the Tan Army originally discovered the mysterious Portals that can be used to transport weapons and armies between the alternate world and the Plastic World. He is rumored to have found brand new weapons of destruction in the alternate world - weapons that he hopes to use to rule the entire Plastic World.

RIFF is itching to play some tunes on the Tan Army in the key of "B" for Bazooka. A saxophone player when he's playing the Bazooka Blues, he is Sarge's best friend. Riff is the heavy hitter of Bravo Company and the Commando the Green Army needs when serious thumping on the Tan Army is required.

PRIVATE HOOVER has got the most stressful job in Bravo Company and it shows judging by his easily startled nature. Still, he is the hero that is called when the Bravo Company Commando's encounter a mine field that needs sweeping.

SHRAP is a Mortar Man extraordinaire. Although he would rather be catching a wave than riding the sound wave of a large mortar explosion, Shrap is happy as long as he's dropping some heinous mortar shells on the Tan Army. But it won't be the Tan Army that Shrap needs to fear if he calls Sarge "Dude" one more time.

THICK is about as sharp as a marble. What the big lug lacks in brains, he makes up for with brawn and enough cover fire with his M-60 machine gun to knit a lead blanket. Sarge has a soft spot for Thick and the enthusiasm he brings to the Bravo Company Commandos.

SCORCH likes fire just a little too much, considering he's made of plastic. There's nothing Scorch loves to hear more than the sound of Tan soldiers bubbling after he has laid on some serious heat with his Flamethrower.

BRIGITTE BLEU has got enough beauty to melt plastic men with just her looks. She is a member of the Blue Resistance and quite good at her job, which is spying for the Blue Nation. She is self-absorbed and is only motivated when there is something in it for her. No one is quite sure which side of the Green and Tan war Brigitte is on, but both the Bravo Company Commandos and General Plastro will find out soon enough.

ENEMY FORCES

THE TAN ARMY

The superior forces of the Tan Army are well supplied and ready to unleash infantry, tanks, air cavalry and a few surprises against the smaller Green Army.

MINI-TAN SOLDIERS

Don't let these little guys fool you. They can really pack a punch. Keep one eye to the ground because these mini-soldiers could be anywhere.

SPIDERS

Spiders are slow but deadly. It's hard to tell where these creepy crawlers could be hanging around, so tread lightly when these critters are nearby.

ROBO SPIDERS

These maniacal mechanical spiders are one of Plastro's finds in an alternate world toy store. These baddies move more quickly than normal spiders.

TOY SCORPIONS

The sting from toy scorpions is severe. They move fairly fast so move cautiously when you hear one nearby.

ZOMBIES

These poor souls have been pieced together from the remains of various plastic parts by Dr. Madd. Zombies are slow but can gnaw hard on plastic limbs.

TANKS

The good: Tanks are slow and easy to hit with a Bazooka. The bad: Their extreme fire power demands respect. The odds of winning a staring contest with the gun barrel of a Tank are not good.

ATTACK HELICOPTERS

Helicopters carry heavy machine guns. Getting caught out in the open under one of these invites a blizzard of heavy caliber bullets.

SUPER ROBOTS

Plastro uses these giant toy robots for his evil bidding. Equipped with chaingun arms, they also emit flame bursts from their armored mid-sections.

SHOCK TROOPERS

Being caught off guard by Shock Troopers will leave you whimpering like a puppy. Avoid close contact at all costs. They can quickly turn plastic men into plastic sawdust.

MISSIONS

DINNER

Things start in the alternate world, away from the familiarity of the Plastic World. But there's no time to stop and smell the food. Sarge needs to gather his Heroes for war.

BRIDGE

This bridge is very strategic to the Tan Army. Destroy the bridge and secure the portal. Sarge's search will take him beyond the Plastic World that he knows. Vikki will assist Sarge along the way. Be sure to protect her!

FRIDGE

Sarge learns that a serum created by Dr. Madd is allowing the Tan Army to avoid "plastrification" in the alternate world. Fight through bread, cheese and pudding to get to the bottom of the mystery.

FREEZER

The trail found in the Fridge leads to the Freezer. A gruesome site awaits Sarge if he looks in the ice cube trays. Destroy the Tan Army's supply of Dr. Madd's serum.

INSIDEWALL

Vikki decides to take a short cut through the house. She'll need to maneuver through the inside of a wall, while avoiding spiders, as she searches for the power box.

GRAVEYARD

Vikki and Sarge find Dr. Madd's castle. Vikki will need to find a key to get through the main gate. The Graveyard won't be a stroll in the park, even with Hoover around to sweep for Mines. Many of Dr. Madd's evil Zombie creations wander in an endless search for more plastic limbs.

CASTLE

Vikki has been captured by Dr. Madd's Zombies and it's up to Sarge to free her and secure some of Dr. Madd's serum at the same time. Watch out for Tan troops hiding in the shadows.

TANBASE

Bravo Company learns that Field Marshall Tannenberg is visiting a Tan base. Time to lay down the lead and capture the Field Marshall. Thick will supply cover fire for Sarge. Be sure to return the favor and keep Thick alive as Sarge battles heavy Tan forces.

REVENGE

The capture of Field Marshall Tannenberg seems to have the Tan Army in retreat. The Green Nation is at the verge of a peace treaty with the Tan Nation. Even Colonel Grimm is at this event. Who could possibly get in the way? Sarge must keep Grimm alive at all costs.

DESK

Sarge and Scorch find themselves back in the alternate world. Scout out the strange region and rendezvous with Scorch. The Desk is heavily fortified by the Tan Army so get ready for an onslaught. The owner of this room does not appear to be kind to plastic men. Sarge will need to use caution.

BED

The deceptive Brigitte Bleu has a master plan. Bravo Company is about to find out if she is a friend or foe. Keep Thick alive as the two Commandos traverse a massive bed in search of Brigitte Bleu.

TOWN

Brigitte Bleu is captured by Sarge, Thick and the rest of Bravo Company. The Heroes learn that the Tan Army has attacked Brigitte's home town. Sarge teams up with Riff to save the town and the day.

CASHIER

Vikki has been captured by General Plastro and is trapped in a Gumball machine inside a toy store. Sarge must use all of his experience to battle the massive Tan forces as he searches for something in this crazy toy store to get Vikki free.

TRAIN

This mission takes place on a table with a toy train set. Sarge and Vikki must keep the toy trains loaded with serum from escaping through the portal back to the Plastic World. Find enough firepower to destroy all of the trains while keeping the Tan Army at bay.

ROCKETS

Sarge has gone after General Plastro. It's up to Vikki to stop the Tan rockets from hitting the Green Nation. Save the heavy explosives to blow open doors. Look for highly combustible barrels to aid in the destruction of the Tan Base.

POOL

General Plastro has tied Brigitte Bleu to an M-80. The Tan Army, Shock Troopers and Toy Scorpions block Sarge's path. Sarge will need to take strategic advantage of all the weapons he can find to clear out the opposition.

PINBALL

Things couldn't be more grim. All of Bravo Company have been captured and are trapped in a pinball machine. Sarge will have to work fast to rescue Bravo Company and catch Plastro at the same time.

SARGE'S

SURVIVAL HANDBOOK

- Flamethrower jockeys are track stars. They come on fast and attack from your blind side. If you see one, hit him quick and from as far away as possible.
- "Stop, Drop & Roll" - if you even survive an attack by one of Plastro's pyromaniac flamethrower artists, you'll still be smoldering. As soon as you can, dive to the ground and roll around (press the **C** ▶ to dive and **Z Button** + Control Stick ← / → to roll).
- When you take fire from a distance and you don't have a location for the shooter, dive for cover behind crates, buildings or anything else that provides protection.
- Use the scope on your sniper rifle just like binoculars to survey the land and enemy positions.
- When you want to quickly get the camera back behind Sarge, a quick tap down on the + Control Pad will position the camera behind him.
- Learn to strafe and run. Face the direction you want to shoot. Then press the **Z Button** while moving the Control Stick ← or → and firing your weapon (**A Button**).
- Once you've mastered strafing, try circle strafing. To circle strafe press the **Z Button** while moving the Control Stick ↖, ↗, ↙ or ↘.
- Circle strafe while entering blind corners to gun down enemies waiting in ambush.
- Look for a safe way down before you leap. Long jumps can cause loss of health.
- Always be on the lookout for climbable objects.
- Running and gunning may work in some missions, but not all. Many times you need to move forward slowly and carefully.
 - Keep an eye on your Radar and always look for alternate routes. You don't always need to make contact with every enemy soldier.

- Use explosives to blow up crates which may contain items of value including Medkits, Power-Ups and Weapons.
- Grab every weapon you can.
- Use all your weapons. Each has unique combat applications.
- Shotguns and flamethrowers are very effective in close combat.
- Use heavy artillery to destroy tanks.
- When a helicopter attacks, move it or lose it. Escape by running in a zigzag pattern. As soon as the chopper breaks off its attack, turn and try to blast it out of the sky.
- Make downing helicopters the highest priority. When a helicopter is crashing towards Sarge, run!
- When you are trying to see or jump down over a ledge, switch to Targeting Mode (**R Button** hold) for a better view.
- You can't store Medkits in your Inventory. Remembering their locations for later retrieval can make the difference between life and goo.

THE 3DO COMPANY END-USER LICENSE AGREEMENT

IMPORTANT-PLEASE READ CAREFULLY. IF YOU ARE UNDER THE AGE OF EIGHTEEN (18), PLEASE HAVE A PARENT OR GUARDIAN READ THE ENTIRE END-USER LICENSE AGREEMENT (the "EULA") PRIOR TO USING THIS 3DO PRODUCT IN ANY MANNER. The EULA is a legal agreement between you, the original consumer purchaser or subsequent transferee of this 3DO software product ("You") and The 3DO Company, a California corporation ("3DO"). As used herein, the term "Program" includes the computer software and associated audiovisual works, the related media, any printed materials, and any electronic or "on-line" documentation materials regarding this 3DO software product. By opening this package and/or using the Program, You accept and agree to abide by all of the terms and conditions of this EULA.

1. GRANT. 3DO hereby grants You a non-exclusive, personal license to use the Program solely in accordance with the terms and subject to the conditions of this EULA. The Program incorporates various intellectual property rights, that may include, without limitation, copyrights, trademarks, patents, trade secrets and other proprietary rights (collectively, the "Intellectual Property Rights"). While You are entitled to own the physical media on which the Program is distributed, 3DO retains all rights, title and interests in and to the computer software, audiovisual works, and other materials comprising the Program and all Intellectual Property Rights relating thereto.
2. RIGHTS AND RESTRICTIONS. The Program is protected by U.S. and foreign copyright laws and international copyright treaties, as well as by other such intellectual property laws and treaties. The Program is licensed (and not sold) to You, and any and all rights not expressly granted to You herein are reserved by 3DO.
 - You may use one copy of the Program on your game console. Except as expressly set forth in the user manual for this 3DO software product, the Program may not be shared or otherwise used simultaneously on more than one game console.
 - The Program is licensed for use as a single integrated product, and You agree not to separate the component parts of the Program for use in any other application, product or service.
 - You agree not to publicly perform, rent, lease, loan, or sublicense the Program (or any portion thereof), or to otherwise provide any third party with access to and/or the opportunity to copy or otherwise use the Program.
 - You agree not to adapt or otherwise modify, create any derivative work, or decompile, disassemble, reverse engineer, or otherwise attempt to derive any source code from, the Program (or any portion thereof), except and only to the extent that, notwithstanding such restrictions, such activity is expressly permitted by applicable law.
 - You may permanently transfer all of your rights under this EULA, provided that (i) You transfer the entire Program, including any and all components thereof and all versions of the Program licensed to You hereunder; (ii) You retain no copy or copies of the Program; and (iii) the transferee agrees to all of the terms and conditions of this EULA.
3. SUPPORT SERVICES. 3DO may provide You with support services relating to the Program (collectively, "Support Services"). Your use of any such Support Services shall be subject to 3DO's then-applicable policies and programs as described in the end-user manual for the Program, in "on-line" documentation (if any), and/or in other such materials published by 3DO. All supplemental computer software and documentation materials (if any) provided by 3DO as part of its Support Services or otherwise shall all be considered part of the Program for all intents and purposes and shall be governed by the provisions of this EULA. Any information that You disclose or provide in connection with the Support Services may be used by 3DO for any of its business purposes, including, but not limited to, product development and support.
4. U.S. GOVERNMENT RESTRICTED RIGHTS. The Program and all components and versions thereof are provided with restricted rights. Use, duplication, or disclosure by the U.S. Government or any U.S. Government subcontractor is subject to restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clauses at DFARS 252.227-7013 or subparagraphs (c)(1) and (2) of the Commercial Computer Software-Restricted Rights clauses at 48 CFR 52.227-19, as applicable. "Manufacturer", as such term is used therein, is The 3DO Company, 600 Galveston Drive, Redwood City, California, 94063, U.S.A.
5. EXPORT LIABILITY ASSURANCES. You agree that the Program will not be exported outside the United States except as authorized and/or permitted by the laws and regulations of the United States. If You have rightfully obtained the Program outside the United States, You agree not to re-export the Program except as permitted by the laws and regulations of the United States and the laws and regulations of the jurisdiction in which You obtained the Program.
6. TERMINATION. Without prejudice to any of 3DO's other rights and remedies under applicable law, 3DO may, at its sole discretion, terminate this EULA if You fail to comply with any of the terms or conditions of this EULA. In the event this EULA is terminated, You must destroy all copies of the Program, including, but not limited to, all components and versions thereof licensed to You hereunder.
7. GOVERNING LAW. This EULA shall be governed by and construed under the laws of the State of California, excluding that body of law related to choice of laws, and of the United States of America.
8. ENTIRE AGREEMENT. This EULA constitutes the entire agreement and understanding of the parties regarding the possession and use of the Program by You and the related subject matter hereof. If any provision of this EULA (or part thereof) is determined by any court of competent jurisdiction to be void, invalid or otherwise unenforceable, such provision (or part thereof) shall be deemed deleted from this EULA, while the remaining provisions of this EULA shall continue in full force and effect. No failure or delay by 3DO in exercising any right, power or remedy under this EULA shall operate as a waiver of any such right, power or remedy.

THE 3DO COMPANY LIMITED 90-DAY WARRANTY

The 3DO Company ("3DO") warrants to the original consumer purchaser of this 3DO software product that the game cartridge within which the underlying computer program is recorded will be free from defects in materials and workmanship under normal recommended use for ninety (90) days from the date of purchase. The 3DO software program recorded within such medium is provided on an "as is" basis, without any warranty or condition of any kind, and 3DO shall not be liable for any losses or damages of any kind or nature resulting from the use or inability to use such program.

3DO's entire liability and the original consumer purchaser's exclusive remedy for breach of any warranty (express or implied) shall be, at 3DO's option, either: (a) to replace, free of charge, this 3DO software product, or (b) to return to the original consumer purchaser the price paid for this 3DO software product. The preceding warranty shall not be applicable and 3DO shall not be obligated to replace this 3DO software product or to return any such sum to the original consumer unless this 3DO software product is returned within the 90-day warranty period, postage pre-paid, with dated proof of purchase, to The 3DO Company, 600 Galveston Drive, Redwood City, CA 94063, Attn: Customer Support Dept. IN NO EVENT SHALL 3DO BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL (INCLUDING LOSS OF PROFITS), SPECIAL AND/OR OTHER DAMAGES OF ANY KIND OR NATURE RESULTING FROM THE PURCHASE, POSSESSION, USE, OR INABILITY TO USE THIS 3DO SOFTWARE PRODUCT, EVEN IF 3DO HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR LOSS. IN NO EVENT SHALL 3DO'S LIABILITY TO THE ORIGINAL CONSUMER PURCHASER EXCEED THE AMOUNT ACTUALLY PAID FOR THIS 3DO SOFTWARE PRODUCT. SOME STATES/COUNTRIES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS AND/OR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE LIMITATIONS AND/OR EXCLUSIONS SET FORTH ABOVE MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

3DO has endeavored to ensure that the end-user manual and promotional materials regarding this 3DO software product accurately reference the product. However, because of ongoing improvements and updating of 3DO software products, 3DO cannot guarantee the accuracy of printed materials after the date of publication. 3DO disclaims any loss, liability and/or damages, whether in contract, tort or otherwise, arising from any inaccuracies and/or other information contained within the manual and/or promotional materials, including, without limitation, any loss or liability resulting from changes, errors or omissions with respect to any of such items.
